ADD/DROP FAQ'S

How many credits can I register for during Summer add/drop?

There is no limit to the number of courses students can take over the Summer; however, the number of credits a student takes during the Summer will not lower the minimum number of credits they need to take during the Fall and Spring semesters.

How do I know if a course is open or closed?

The status column of the "Find Classes" section will tell you how many seats are available and if the course is full. Please review the instructions in the "How to Register for Classes (Add/Drop)" document on the website for additional instructions about searching for courses.

Can I ask a Professor for permission to be added to their closed course?

No. The only way to gain admission to a closed course is to add your name to the online waitlist for the course. Professors cannot give permission to enroll students in courses that are closed.

I have been offered a seat in a course off the waitlist, but I no longer want to take it. Do I have to add the course?

No. Adding your name to a waitlist does not obligate you to add the course should you be offered a seat; however, if you no longer wish to be on a waitlist, you should log back on to Self-Service Banner and drop the course.

If I've received a notification that a seat is available in a course I was on the waitlist for, does that mean I'm automatically registered for it?

No. You have to log into Self-Service Banner, navigate to the add/drop section and change the status of the course from "waitlisted" to "web registered" using the dropdown in the Action column. Additional instructions can be found in the registration how to guides on the website.

I am receiving a "not permitted to register at this time" error.

Make sure you've selected the correct term (DO NOT select a "Zman" term) and that there aren't any restrictions on the course which would prevent your registration (e.g., JD only course or LLM only course).

I am having trouble accessing Banner. What should I do?

Please contact the Office of the Registrar via email at cardozoregistrar@yu.edu. When emailing the Registrar's Office regarding a Banner issue, please provide screen shots of the error you are receiving and your student ID number.

What should I do if I have a hold on my account?

If you have a hold on your account, you will not be able to add or drop courses. To clear a financial hold, please contact cardozostudentaccounts@yu.edu.

How do I register for permission only courses?

Certain courses (e.g., credited externships, TA positions, independent research, clinics and field clinics) are open to students only by permission of the instructor or via an application process. The course list indicates which courses are "permission only." The Registrar's Office will manually register students for these courses. Students acting as **TAs** can request that the faculty member they are assisting contact Faculty Support to have the student registered.
